Dear Colleagues,

Countries around the world are still suffering from COVID-19. Many countries have even blocked their borders and prohibited foreigners entering their country. This severe situation means we cannot predict when it will subside. For safety reasons, after careful consideration by the IMC executive committee, we have decided to cancel the Indonesia International Mathematics Competition (IIMC) this year. We also considered having the IMC via video in the respective countries, but some countries have also stated that the concentration of students in a large venue is not allowed by their government, so we also cancelled this plan.

If everything is fine, the IIMC will postpone to 2021. We pray that the epidemic will end soon and hopefully everyone will be safe!

Sincerely yours,

Wen-Hsien SUN

Chairman, IMC Executive Board

No.8, Lane 157, Sec.1, Da-An Road Taipei, 106, Taiwan, R.O.C.
